

Scrub hat instructions

Crown and top

Turn in 6 mm on long edge of crown;
press.
Fold crown in half along the dotted line
as shown in the diagram and mark the mid-point.

Find the centre-front on the curved edge of the crown
in a similar way.

Place these two points together, right sides facing,
and pin with raw edges even.

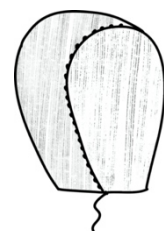

Stitch.

Stitch again 6 mm away in seam allowance and trim close to stitching
or over-edge/overlock to neaten raw edges

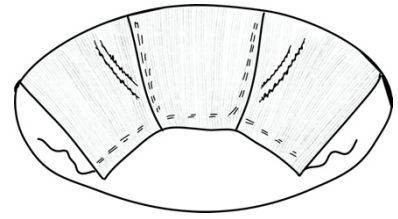

Press seam toward crown.

Edge-stitch crown along seam.

To prevent neck edge from stretching,
stay-stitch close to raw edge.

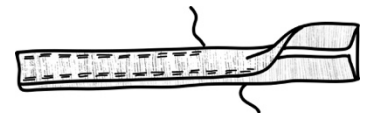

To neaten the neck edge, take cotton tape,
turn under both ends, and apply to neck edge of hat.
Stitch in place.

Ties

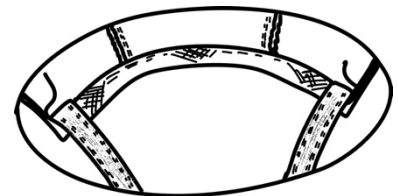

Turn in 6 mm on long edges of tie and one end.
press.

With wrong sides together, fold tie in half lengthwise,
have edges even;
press.
Edge-stitch ends and long edges, as shown.

On inside, pin end of tie to hat neck edge.
Stitch to attach to the hat as shown.

Turn front edge of crown over 1 cm and another 1 cm
including the tie in this seam allowance.

Press and top-stitch.
